EDUCATION INTERNSHIP OPPORTUNITIES Fall 2018 – Summer 2019

The Puget Sound Maritime Historical Society is located within MOHAI's Resource Center in Georgetown, 5933 6th Avenue South. We have a variety of opportunities available. You'll get the experience of working with a very small organization that is partnered with the AAM Accredited Museum of History and Industry (MOHAI). You would be working with the Director, Alicia Barnes (MA in Museology, University of Washington) and a variety of volunteers.

Project: YMTA Career Pathways

Timeline: Fall 2018 to Summer 2019

Days: Any day(s) Monday - Friday, between 10 am and 5 pm; could also have work-from-home components.

Description: This internship focuses on PSM's newest program, the Youth Maritime Training Association. YMTA aims to inform youth about the maritime industry and provide them with the resources they need to enter the field. To develop our resources and tie in heritage, the YMTA intern will: 1) research maritime career pathways and create an interactive career map; 2) learn how to build a page within the website and develop Word Press skills; and 3) incorporate historic photos from PSM collections throughout YMTA site to strengthen ties between the past and future maritime industries.

Project: First Thursday PSM Education Program in the McCurdy Family Maritime Gallery at MOHAI

Timeline: Fall 2018 to Summer 2019

Days: First Thursdays at MOHAI, plus other times as needed.

Description: Great for anyone who is creative and enjoys interacting with children and families, this internship aims to create several new Free First Thursday activities that are both educational and fun for MOHAI visitors.

This internship involves: 1) developing inexpensive maritime-themed, hands-on, take home activities for children; 2) coordinating volunteers to help with activities on the first Thursday of each month; 3) serving as the lead person with the hands-on activity for children on First Thursdays.

Project: Online Activities/Resources

Timeline: Fall 2018 to Summer 2019

Days: Any day(s) Monday – Friday, 10 am to 5 pm

Description: As we prepare to launch PastPerfect Online and create online exhibits, we are looking to expand our online educational activities. This intern will gain experience in identifying an audience and creating education activities suitable for those audiences by: 1) selecting a topic and develop education content; 2) establishing learning goals for the education content; and 3) creating online education activities for different age groups around that topic.

**For additional information about any of these opportunities or to discuss an internship you would like to explore
please contact Alicia Barnes:
